QA Portfolio: qa.prasanganiraula.com.np — Portfolio: prasanganiraula.com.np

PROFESSIONAL SUMMARY

Computer Engineering graduate (2026) and QA Engineer trained through the QA & Automation program at TechAxis, with hands-on experience across the Software Testing Life Cycle (STLC): test scenario and test case design, Requirements Traceability Matrix (RTM), security test scenarios, Selenium WebDriver (Java) automation with Page Object Model, REST API testing with Postman, and load testing with Apache JMeter (up to 20,000 samples). Strong at reading code and specifications closely to identify defects and perform root-cause analysis.

SKILLS

- **Manual Testing:** Functional, Regression, Smoke, Sanity, Exploratory, and Negative Testing; Equivalence Partitioning; Boundary Value Analysis; Decision Table Testing
- **Test Documentation & Management:** Test Scenarios, Test Cases, Requirements Traceability Matrix (RTM), Excel, Jira and TestRail workflows
- **Security Testing:** OWASP Top 10 concepts, SQL Injection, Cross-Site Scripting (XSS), Brute-force Lockout, Session Timeout
- **Test Automation:** Selenium WebDriver, Java, TestNG, Maven, Page Object Model (POM), ExtentReports 5, Headless Chrome
- **API Testing:** Postman, Newman, REST API, JSON Schema (draft-07), JWT Authentication, Pre-request Scripts, SLA Assertions
- **Performance Testing:** Apache JMeter (Thread Groups, Ramp-Up Tuning, CSV Data Set Config, JSON Extractors, Timers, Assertions, Latency Percentiles)
- **SDLC / STLC:** Defect Logging & Tracking, Bug Life Cycle, Agile, Scrum
- **CI/CD & Version Control:** Git, GitHub, Maven Surefire, headless execution, Jenkins (concepts)
- **Languages & Web:** Java, Python, JavaScript, C, C++, SQL; React, Node.js, Express.js, HTML, CSS, MySQL, MongoDB
- **AI & Machine Learning:** PyTorch, TensorFlow, Deep Learning, Computer Vision, NLP

QA PROJECTS

GitHub: github.com/prasanga73/QA-Portfolio

Specification-Driven Manual Testing & Traceability — Daraz.com.np

- Derived 17 test scenarios (TS-01 to TS-17) and detailed test cases (TC-01 to TC-17d) for the Product Search & Filter module from requirements spec REQ-DZ-SEARCH-01.
- Built a Requirements Traceability Matrix (RTM) linking requirements REQ-01 to REQ-17 to scenarios and execution status.
- Covered auto-suggest, compound filters, 5 sort criteria, product-card data, and negative/boundary cases (empty results, special characters, 3-second response time).

Authentication & Security Test Suite — Manual Functional and AppSec Testing

- Tested credential combinations, session inactivity timeout, and account lockout after consecutive failed attempts.
- Verified resistance to SQL Injection and XSS payloads in input fields and confirmed password character masking.

Web UI Automation Framework — Selenium WebDriver + TestNG + Maven (Java)

- Built Page Object Model (POM) suites for SauceDemo and Automation Exercise, separating page classes from test assertions; migrated linear scripts to a scalable POM structure.
- Automated login validation across every valid, invalid, and empty credential combination with exact error-banner assertions, plus end-to-end cart workflows; generated unique timestamped test data to avoid registration collisions.
- Configured headless Chrome execution, ExtentReports 5 with failure screenshots via a TestNG listener, and automated email report delivery.

REST API & Performance Testing — Postman, Newman, Apache JMeter

- Automated 14 Postman requests covering CRUD, JSON schema (draft-07) validation, status and response-time SLA assertions, variable chaining, and JWT authentication chaining; ran the collection with Newman.
- Built data-driven JMeter test plans (CSV inputs, JSON Extractor token chaining, random timers, assertions) and executed 5 load scenarios up to 200 threads and 20,000 samples.
- Found Profile API errors rising to 91–93% under concurrency and login latency growing from 754 ms to 3,930 ms at 200 threads.

EDUCATION

Bachelor's in Computer Engineering

Institute of Engineering, Purwanchal Campus, Nepal

2026

+2 (Higher Secondary Education)

Vishwa Adarsha College

SEE (Secondary Education Examination)

Koshi St. James School

HOBBIES

Writing — Reading novels — Playing Chess — Playing Guitar
